

PEOPLE OF ACTION

Oak Bay Rotary offers opportunities for our members to get involved in making a difference. Through meetings, social events, and volunteer projects, our members learn about the issues facing our community and communities all over the world, partnering with local, national, and global experts to exchange ideas about potential solutions and to draw up action plans to respond. Along with these opportunities to serve, members are also able to regularly network, resulting in lifelong friendships and business connections.

We are a proud part of this community and of the wider world of Rotary. Rotary is a global network of more than 1.4 million members and Oak Bay Rotary has been a proud part of the Oak Bay community for 50 years (July 24, 1974). We are a wide range of individuals, representing different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

WHY JOIN?

As a Rotary member you'll be tuned-in to important issues and thought-provoking presentations. You'll support important projects at the local and the international level, plus enjoy being part of an active group of fellow Rotarians! And, as the eradication of polio is Rotary's number one global program, you just may be a member of Rotary the day the world is certified polio-free! An historic occasion as it will be only the second disease eradicated from the face of the earth!

Our more than 50 members live both in the municipality of Oak Bay and across the wider Capital Region District. We welcome members from every ethnic group, political persuasion, cultural background, religion and gender. Rotarians value this cultural diversity and practice and promote tolerance.
